Custom Calendar View

It is easy to get lost when your school has dozens of events listed on a single calendar.

What if there was a way to limit the number of events to show only ones relevant to you?

Guess what? There is!

The settings may or may not stick for future browser sessions but in early testing of beta, they held!

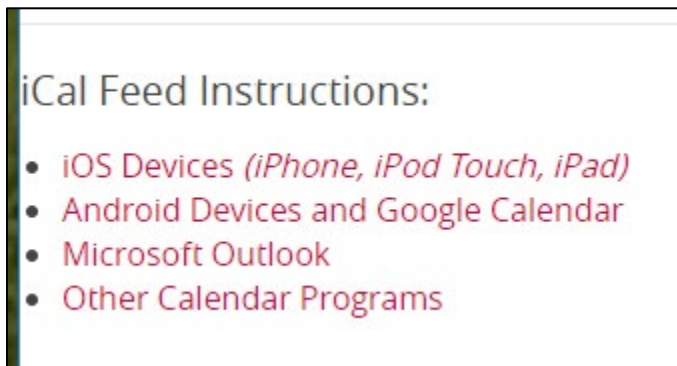

Download iCal Feed

Are you aware that you can sync online calendars with your phone? This way you don't have to add events individually to your calendar. Give it a try and see if it helps! You can always remove the calendar if you don't like it.

How?

Click the iCal Feed icon and follow the directions. There is further instructions on the linked page for iOS, Android devices, MS Outlook, & other programs.

Thank you!
